## PROFESSIONAL SUMMARY

Experienced full-stack developer specializing in the design and development of high-performance web applications and e-commerce platforms, seamlessly integrating responsiveness and artificial intelligence. With a proven track record of successfully delivering numerous projects, including Shopify-based solutions, I stay at the forefront of technological advancements, incorporating intelligent agents and AI to create innovative, optimized solutions. As a polyglot fluent in seven languages, including French, Turkish, and English, I excel in collaborating across diverse cultural environments. Driven by a deep passion for basketball and fitness, I foster a dynamic team spirit and a proactive approach in every project I undertake.

## KEY COMPETENCIES

- Programming languages: java, C#, .net, Python
- Attention to detail
- Front-end programming: HTML5, CSS3, AJAX
- Version control systems: git, github
- React.js proficiency
- PHP development
- Application development
- Responsive web design
- Website optimization
- Agile software development
- Website maintenance
- JavaScript experience
- Web development projects
- Back-end and database skills

## PROFESSIONAL EXPERIENCE

### Web Application Developer, Niger Telecom Project Management Assistant

Niamey, Niger | March 2023 - January 2024

- Designed and developed web applications for the Telecommunications Company, ensuring performance, security, and scalability.
- Created content for websites to enhance communication and accessibility of services.
- Prepared strategic presentations for prospects and clients, aiding decision-making and understanding of proposed solutions.
- Worked effectively in fast-paced environments, demonstrating organization, attention to detail, and adaptability.
- Continuously engaged in technological research and learning to integrate innovations and improve developed solutions.

### Internship as an IT Intern – Bank in Niger

Niamey, Niger | June 2022 - September 2022

During my internship, I assisted the IT team with the management and maintenance of banking systems. I contributed to updating customer databases and managing daily transactions. I also helped troubleshoot simple technical issues to ensure the smooth operation of the tools used by employees. This internship allowed me to develop my IT skills while supporting the efficient operation of the bank.
